

TG abhaya Super 60: Level-2 Exam held on 8th March 2026 at abhaya Home of Happiness

I had the wonderful opportunity to attend the Laurus abhaya Niswartha Super-60 Level-2 examination held at Abhaya Home of Happiness. It was truly a day filled with inspiration, warmth, gratitude, and a deep sense of purpose.

The entire Super-60 team felt extremely happy and encouraged to witness the overwhelming response from students and parents who arrived with great hope, trust, and enthusiasm by 10 AM at the campus from various districts of Telangana.

Balachandra Swamiji's words were deeply inspiring for the students of today's generation. With great clarity and compassion, he explained the vision behind abhaya Foundation, the noble aim of Super-60, and the spirit of Abhaya Ananda Nilayam. Listening to him reminded all of us that abhaya is not merely an institution, but a sacred space where young minds are nurtured with love, discipline, and values.

Nearly 25 teachers worked tirelessly throughout the day to ensure that every arrangement was smooth and successful. Yet, we all felt that none of us could match the dedication, compassion, and tireless energy of Swamiji.

The arrangements were wonderful and thoughtfully organized. A spacious tent was arranged for the gathering, and proper arrangements were made for meals. Breakfast, tea, buttermilk, snacks, and lunch were served with great care and affection by the ashram members.

The food was delicious and sufficient for everyone. We could also clearly observe the remarkable development in infrastructure, including improved accommodation facilities and beautiful interior work such as the false ceiling in the Dining Hall, where the day-long classes will be held during the Super-60 Camp.

The examination started exactly on time and was conducted in a very systematic and disciplined manner. The answer papers were corrected quickly, and the results were announced soon after lunch.

One of the most touching moments of the day was witnessing the eagerness and sincere aspiration of the students to become part of abhaya. Some students even became emotional when they could not secure a seat, and many humbly requested an opportunity to join. This clearly reflects how powerful and inspiring the vision of abhaya has become for both students and parents.

abhaya Super-60 is truly a meaningful step towards a successful and purposeful life for the students who become part of this journey.

Swamiji also celebrated Women's Day with the Super-60 students and team members. It was a beautiful and unexpected gesture that filled everyone's hearts with joy and appreciation.

Parents expressed great happiness after learning about the structured timetable and disciplined academic plan of the Super-60 program. They appreciated the sincere focus on the all-round development of children. Many parents were deeply impressed by the way Swamiji patiently explained every aspect and by the loving care shown by the ashram members while serving food and assisting everyone throughout the day.

The presence of Super-60 alumni added wonderful energy and encouragement to the entire program. The peaceful atmosphere of the ashram, combined with the beauty of nature,

creates a perfect environment where students can concentrate on their studies with clarity and dedication.

A special meeting was conducted with the selected students, where the course details were explained once again. Later, a review meeting was held with the organizing team to discuss both the positive aspects and the areas for improvement while planning the smooth functioning of the Super-60 program in the coming days.

At the end of the day, we all took the blessings of Swamiji and dispersed with hearts full of gratitude, looking forward to meeting again during the Super-60 camp.

Personally, this day meant a lot to me. My daughter spent the entire day there, just as she usually spends her time with me at school. When I gently asked her how she felt, her response touched my heart deeply. She said she felt as comfortable and happy as if she were at her grandmother's home.

That feeling of warmth, belonging, and care truly reflects the beautiful spirit of abhaya.

My heartfelt and humble gratitude to Swamiji for giving us this wonderful opportunity to be part of such a meaningful and inspiring journey.

High Regards,

Suhasini
