

Dear Balachandra Sai garu

I was deeply inspired after reading the messages conveyed to you today on the eve of Guru Purnima.

Every note reflects their feelings, gratitude, and satisfaction in adopting Abhaya as their path to uplift their lives and earn their livelihood independently through service to those in need.

No doubt, in a short span, everyone will come to know what Abhaya is — the backbone of Swamy's blessings guiding you on the Sadguru path and helping you achieve all your set targets.

I pray to Swamy to always reside in you and empower you to do marvelous things for society, so that many more may benefit from this foundation and lead happy lives.
