

Sunday Thoughts: Be GRATEFUL in LIFE, so that nothing is regretful!!

Dear Friends,

Being grateful in life is very important. Once we accept everything as a gift from GOD, nothing will make us regretful.

This is what I have learned from my beloved friend, Sri Sunku Ramaprasad, Vice President, Axis Bank Ltd., Mumbai.

I have seen him accept everything in life as it is, treating it all as God's blessing. That attitude of gratitude has never let him down. He faced many challenges and lost battles, but never lost his belief.

He rose from nowhere to somewhere in life.

He is one of the founding members of abhaya, and I have seen him grow in life with an attitude of gratitude.

I always cherish my association with him and have made him a part of my autobiography. I had the privilege of handing over a copy of the book to him today at Hyderabad. With Love:
