

BEAT THE HEAT – SHARE SHADE, SPREAD CARE

Summer can be endured differently by each of us. For some, it is a season of discomfort. For many others, it is a daily battle.

Under the blazing sun, street vendors, sanitation workers, daily laborers, roadside dwellers and countless unseen hands continue their struggle — working, walking, surviving through relentless heat.

Hunt the Summer continues as a movement of compassion in action — transforming concern into comfort, and empathy into protection.

This month, our mission moves forward stronger than ever:

3000 umbrellas envisioned as more than shelter — as symbols of dignity, care, and solidarity.

🌟 Our Journey So Far

Through the generosity of kind hearts, 1600 umbrellas worth ₹7,50,000/- have already reached beneficiaries across Andhra Pradesh, Telangana, Karnataka, Tamil Nadu, Maharashtra and West Bengal, offering relief where it is needed most.

But the journey is still unfolding

Every umbrella gifted becomes

☂️ protection from harsh sunlight

💛 a gesture of human kindness

🌱 a reminder that someone cares

abhaya SoulDears,

We invite you once again to walk with us in this mission.

Your support — big or small — can turn scorching afternoons into moments of comfort for someone who has no escape from the sun.

This summer, let us do more than witness hardship.

Let us become the shade.

This summer, let us do more than witness hardship.

Let us become the shade. - Team abhaya
