Pardhasaradhy, Hyderabad:

Pardhu under the loving and caring companionship of his wife Mrudula is slowly recovering and further following is the update.

- Mrudula joined back TKR Engineering College after 3 months leave.
- The family shifted to another small house owing to costs involved in the present home.
- The present home is been given for rent.
- Physiotherapy process is on with the kind help of Dr. Ashok.
- Mrudula in order to make Pardhu to move around sought help to procure a wheel chair.
- Abhaya readily supported the family.
- Every month plan is to provide them Rs. 5,000/-.

Santosh, Hyderabad:

We went to Apollo Hyderabad. Dr. Alok Ranjan, Neuro Surgeon advised that embolization will not be that effective and his option is only radio surgery as Embolization may negatively impact radio surgery. Gamma Knife operates on a small volume and is more precise, however, CyberKnife (x-knife) which is available in Apollo Hyderabad is also equally effective. He recommends multi-sitting radio surgery to obliterate this large an AVM – and he feels this is Santosh's ONLY option. The treatment will have multiple sessions of MRI/DSR Angio's to monitor the progress, which will take about 2 years.

The estimated cost seems to be about Rs. 2.5 Lacs. We have about Rs. 1.5 Lacs in hand all inclusive till date, the gap is about a Lakh now for this estimate.

- Srikanth Natarajan, WIPRO - HYD

Abhaya further pooled about Rs. 25,000/- apart from the initial Rs.25,000/- provided to them. All abhayaans are requested to spread this cause.

Tulasi, Hyderabad:

She is looking bright and recovering fast after kidney transplantation at KIMS, Hyderabad. It was almost an year or so now she was hit by kidney failure. Her mother gave a rebirth to Tulasi by giving away her own kidney.

The people behind all such good work are employees of NILE & MIC. CS.Vasudevarao, CS, MIC along with Ms.Munikanya and Ms.Madhavi visited Tulasi on behalf of abhaya during the last week and shared our love and care with her. She looks to be very brave and bold. She is very positive about life. She conveyed all abhayans a big thanks for being with her side during the crisis.

She would need to have lot of medicines for recovery..not only her health, but also the health of Mother who gave Kidney to her. They are in need of Rs.10,000/- every month for the next 12 months or so. Abhaya provided her Rs.10,000/- for the month. If all of you are there in this Mission...we can continue giving the required amount.

she needs to have lot of medicines for recovery..not only for her health, but also for her mother, who gave kidney to her.

Vijaya...is infused life to Odaiah even after her death:

Hope abhayans remember Mission Vijayam, last year! How Smt Vijayalakshmi has been supported by providing her life saving Oxygen Concentrator. It was the initiative of CA.Vishnu Teja & friends who are known to Siva Reddy the son of Vijayalakshmi. Within 3 days of knowing about the crisis, abhaya responded to support her with life saving machine.

But, later she departed from this world couple of months back due to other complications. Abhaya brought back the machine to Hyderabad and informed the doctor who treated this lady. Siva Reddy took pains to follow up with the Hospital and time and again with passion to add life to someone who is need like his mother.

His prayers are being answered. Shyam Babu whose father (both livers are failed & admitted at ICU) is being prescribed to have the same machine for saving his life was deliberately trying for resources for buying the same. It was then Doctor gave him abhaya reference. He dialed the number and at once visited abhaya...later empathizing with his situation and family back ground abhaya handed over the machine to him with in 1hour time.

Abhaya GET member Bharat accompanied him with the Machine to the Hospital and personally handed over the Oxygen Concentrator. This is how Vijaya infused life to Odaiah even after she lost her own life.

Thanks to Siva Reddy for taking up such MISSION in loving memory of his mother.

Glory, Hyderabad

Satyanarayana joined as Watch Man at SWEVKAR Rehabilitation Center at Kompally and is settling down. Little Glory has been admitted at Special School. Abhaya supported the family to buy all the necessary medicines for the last one month. Further the Sai Devotees at Anandanagar moved by his fate agreed to

provide monthly provisions to his family survival for next 6 months. abhaya hoping that the support extended to them would surely add value to their life.

“HEART” Edu Care Update

Good Thoughts of Sri Venkatramireddy translated in to good work:

Rs. 1,00,000/- for abhaya

It is my privilege to acknowledge the better of the best services being undertaken by "Abhaya" while it stand besides the needy to upgrade the living of the human with humane.

My father is very much impressed up on the services of Abhaya. He wants to join with you by his token contribution for the country through "Abhaya" to the poor students perusing "Company Secretary Course" preferably with Rural back ground and who are in needy with Rs.1,00,000/- (Rupees one lakh only) in memory of my mother " Vanga Venkata Ratnammma". A cheque will be delivered at an early appropriate date.

- **Vanga Venkata Rami Reddy**, Office of ROC, Hyderabad. (24-09-2010)

Even before abhaya received the promised amount, those good thoughts are already translated in to good actions. It so happened when abhaya visited Colleges at Jammalamadugu and interacted with thousands of students over there about professional courses a year back, lot of them shown interest in pursuing such courses. It was CS.Thirupal's initiative that time and abhaya readily accompanied him.

Now after one year, about 7 students drawn from various villages in and around Jammalamdugu convinced that they must do CS Course and determined to register themselves for CS. Though they all are belong to very poor families...their passion to pursue such course made them to call CS.Thirupal and he in turn referred all these youngsters to abhaya.

Abhaya having understood them in right prospective decided to help them and spoke to Sri Naveen, the founder of Digvijay Coaching Institute, Hyderabad. He very graciously provided 20% discount and the students paid 50% and the remaining fee of Rs.21,000/- has been paid by abhaya for their benefit.

Abhaya IAS aspirant Mahesh:

He is progressing well with his preparation very passionately. He is in touch with abhaya for all the necessary support. Abhaya in the process of making him to realize the shortcomings if any connected him to Sri P.Sridhar IRS and he, very kindly spared his value time with Mahesh though he was on leave due to health condition. He further suggested Mahesh to meet Sri Thirumalakumar IRS seeking his guidance. Mahesh is being guided by these two gentlemen and advised him to write the entrance exam to admit himself at AP Government BC Study Circle which in their view is supposed to be a great help for his Civils preparation.

Abhaya added canopy to its stores keeping in view the various opportunities that may be coming in future while GET Members visit the colleges and villages spreading the good work of abhaya.

“HEART” Awareness Update

This is the first time that abhaya has made a team of graduates named as GET (Graduate Engineers Team) to inspire the young graduates in various colleges about the importance of rendering their part of service towards the community. The motto of this team is GET abhaya to GIVE. GIVE stands for Generate Individuals with Values in Engineering.

GET took part in AAAROHAN'10 conducted by STED (Society for Triggering Engineers Development) as its social partner. The event took place in f4 top engineering colleges in and around the city from 4th to 10th Oct.

It was good opportunity for abhaya to get a good exposure among the students whose prime objective was to motivate the present day youngsters to dedicate themselves for good and noble causes. The event gave a nice opportunity to GET to show their skills in all aspects. As expected students turned out in a large number for the event and in the process we all realized that there are many more students outside who are really concerned about the society and its issues. They seemed to be enthusiastic to contribute their might towards the community.

As a part of the event abhaya GET team has conducted some interesting events for the students which proved to be worthwhile. The team conceptualized innovative entertainment and attracted hundreds of students. “Pay & Play – SERVE the society” was the concept therein half a dozen games are being conducted. The winners of the events have been awarded with inspirational literature of legendary persons. The team was successful in promoting its idea of save Rs. 100/- a month among the graduate students explaining them how their little contribution can bring a change in under privileged people's life.

Team members very actively played their role to make the event a successful one and giving confidence to other team members that abhaya is capable of conducting many more such events which can be clearly observed in the form of requests coming from different colleges to conduct such events in their colleges too and inspire their students to be good citizens.

Abhaya has participated in this event just as to inspire at least some youngsters which can bring about a bigger change to them and people around them as well. The only driving force to conduct such an event is words said by some great personality that if you want to bring some

change in the society go where the youth force resides and motivate them. By this event not only the other college students but also the team members themselves got an opportunity to be part of a team and work as a team for a noble cause. Everyone used this as a tool to develop their communication and management skills which would really help them a lot in the future when they start working for companies, running businesses, establishing institutions and further doing service in the society.

By the end of the event abhaya was successful in making everyone be able to spread its good cause amongst the students, faculty, parents and it is just a seed! abhaya appreciated Ms. Sushma and Mr. Bhargav both Coordinators of GET for their wonderful team work. All the GET volunteers being given certificate of appreciation for their good work.

Number of students from different colleges voluntarily came forward to be a part of “GET abhaya to GIVE”. With all these things the event proved to be noteworthy for abhaya in spreading the good thoughts...words...deeds.

GET abhaya to GIVE update

"GET abhaya to GIVE" pooled Engineering Books etc., for the benefit of Naveen Reddy who just started his first year engineering. Ms. Akila, Susmita, Srishilpa & Senha being motivated by GET Coordinator Sushma and supported Naveen.

"GET abhaya to GIVE" gather at abhaya premisis for the pre abhaya@AAROHAN'10 to understand the issue connected to a week long work that is to be done in 5 engineering colleges in the city. Hence abhaya arranged for Lunch for all the 20+ GET members. It has been found that the lot of food remined un consumed by the team. they all got an idea to serve this food to some one who do not have food road side, abhaya arranged for a vehicle, 3 members left with a Mission to Serve Hungry...they feed many hungry people on roads and returned home with happy hearts.

Er. Sunny Omkar added value to abhaya:

Abhaya is very glad to have people like Sunny Omkar for doing good in the community. abhaya will not forget him in its life as he really became an ambassador of good work happening through abhaya.

Post to request he acted with a Mission to capture to expressions and impressions of various people in 10 days with the help of new HANDYCAM so as to treasure the feelings of beneficiaries spread across the state of Karnataka. He interviewed SV Hariprasad, President there after he visited D.Jagadish

(Cancer patient), Sofiya Glory (Kidney patient) at Bangalore. He travelled to Mysore to capture the moments of Happiness at Priyanka's home. There after he travelled to Udipi and interviewed Jairam Setty. These clips would now be made available in you tube shortly for bringing joy to many abhayans.

Thanks to Sunny Omkar, Engineer by profession right now doing web designing job at Bangalore and stood besides abhaya...more than all, he is being connected through "Mission Jagadish" as being his son, he understood the concept of doing good work.

SV Hariprasad

D. Jagadish

Jairam Setty

Sofiya Glory

Priyanka

Thanks to abhayans @ Bangalore Srihari & Ramakrishna who donated brand new sony handycam for abhaya to capture the impressions and expressions of all the people connected to abhaya.

Rajeev from ISB&M, Pune speaks to abhaya

Rajeev Turlapati, who joined abhaya for 30 days internship shares his observations and experience with abhayans... He is a BE graduate and presently pursuing his management studies at International School of Business & Media, Pune. Very interesting are his findings while doing his internship with abhaya and its works during his association with it...read on:

How did Abhaya manage to reach out to the needy?

Abhaya has used various means like internet, ground work, events, phone calls, SMS and for that matter even other organizations to learn about the people in need and reach out to them by giving them the best abhaya can. Kudos to abhaya team.

How did abhaya kept its momentum to keep its vision and mission on track?

Momentum in things like organizing events, giving them goodies, making the volunteers realize the importance of help by making them visit schools and meeting people in need, introducing different people to different kinds of people in society and constant research and updates with people already with abhaya is something amazing for me...there is so much action everywhere.

Who are the people in your view involved in doing such good work for this noble cause?

There is a great sense of belongingness with people in abhaya. I guess it is a direct impact of the love and passion that abhaya is showering on everyone who are connected making them to realize the importance of that belonging and trying to give out the same to people we intend to help.

How does the word selfish not mean anything for an NGO?

I have seen how abhaya spending money for the society, for team, for the needy so much that I sometimes wonder how you manage your own life. Kudos to the teams.

What areas of help does Abhaya cover?

H.E.A.R.T Healthcare, Educare, Awareness, Rural Infrastructure and Transformation. All this spearheaded by abhaya.

Can an NGO be a corporate?

No. NGO does not make money. I have seen that while I am being provided the records of school, projects, missions and other expenditures for my understanding.

Are the volunteers like employees or do they have freedom to express and grow?

I have seen a little curbing of freedom for volunteers but again it was just a

communication problem. But everyone and I have remained true to the goal just like policies in companies, trying to stick to code of conduct.

What are the tools Abhaya uses to bring a smile on people's faces?

Making the receiver feel important! When I saw the kids in school, when I saw the management in school that help is brought out to them, I felt really great to see a foundation doing this. Reaching out to remote villages is no joke and abhaya has managed that. Great work that is happening through abhaya.

Abhaya @ "Media Mindprints": Abhaya in order to reward his passion to do good work sponsored "Media Mindprints" 2010 as its social partner encouraging him and his team of youngsters. GET Volunteers took this opportunity to spread the cause to all the participants at the youth fest.

Further abhaya IAS aspirant Mahesh spoke at Media Mindprints and it was an inspiring interaction with the students about the moral and social values of individuals. The hall became silent when Mahesh was telling about his own story, how he came from a very poor family background and how he today completed his MCA and how strongly he is determined to become IAS with the support of abhaya FOUNDATION.

Lot of students inspired and motivated by the works of abhaya, registered themselves to be part of the of the good work. They collected abhaya brochures from the stall.

“HEART” Transformation Update

abhaya FOUNDATION
an assurance for no fear...

ABHAYA FOUNDATION... filed applications to have Service Mark for its community work with Registry of Trade Marks, Chennai. Syslex Law Firm, Hyderabad has graciously taken up this Mission as their contribution showing their love for the community work.

Ministry of Home Affairs, Government of India, New Delhi has considered abhaya's Application Form to grant Approval for accepting Foreign Currency Contributions under FEMA. Abhaya has submitted the relevant documents the Ministry asked in the said regard. abhaya hopeful of getting the approval in next couple of months.

Kotak Ramki lend his hand of support to abhaya

Here is my small contribution of Rs.25,000/- to be of some support for the good work happening. When I see abhaya & people serving, I feel sorry that I haven't done much for this society and my country. I know that my contribution is not even a drop in the ocean.

All the best to you and your team for the fantastic work.

-Ramakrishna (Ramki), Kotak Private Equity Group, Kotak Investment Advisors Ltd

Baalarakshak Foundation visited abhaya:

On visiting abhaya stall at AAROHAN'10... a group of youngsters who were very passionately involved in serving the orphan kids/child labour while they are pursuing their engineering studies got connected to abhaya. They at such a young age resolved to live for the under privileged kids and started a small society in the name and style of Baalarakshak Foundation.

They were all inspired to see abhaya and its works and decided to understand the system of abhaya's work. abhaya team sat with them to understand their needs and issues and very lovingly expressed its willingness to be of some support to their Mission. Lot of ideas are being shared with them and offered them abhaya's support all the time.

Abhaya congratulated r&a Associates, Hyderabad, proud partner in serving the Country on their 14th Foundation Day at Hyderabad on 23.10.2010.

Abhaya expressed its gratitude to r&a Associates and its 3 Partners CS.Rashida.A, CS.Raghubabu.G & CS.Ramakrishna Gupta.R for their continuous support to all the good work happening across the society. Abhaya took the opportunity to honor them with Silver Coins in the presence of Chief Guests present at the venue before all the well wishers of r & a Associates.

Hi abhaya, It is very nice to know about Abhaya foundation. A very nice work you people are doing. I definitely want to work as a volunteer for the foundation and will email my details to the foundation email id.
- Sailaja Nemmaluri, Test Engineer - Centralized Testing Services, Templeton.

I am very happy to join ABHAYA. I want to say thanks to my friend Bhargav who has motivated me to join this team. The caption "GET abhaya to GIVE" is very good. The life story of Mahesh was heart touching as a person who comes from poor family alone knows all values in life. **- Satyanarayana**, IV BE, Hyderabad.

HUNT THE WINTER ... an appeal from **ABHAYA**

We are aware of the fact that, entire country is now being covered under the Winter Blanket...this time its little early Winter..this winter would be little longer than usual and it may be there till February'11...

We all know when Winter Enters in our life...we would be ready to face this with all our Weapons. we take out Warm Cloths, Rugs, Thick Blankets, Monkey Caps, Shawls, Room Heaters etc., some times, we even bring new ones for our comfort during the season...that is how we hunt out the winter season.

Where as we hear that every winter season hundreds of poor people would be dying all over the India. some times we feel pity of those fellow beings whose fate ended like that...very rarely we may feel we could have done something for the needy people in this season.

Taking clue from such situation...as matter of its Care & Love for the Community around...as usual abhaya decided to take up the "Hunt the Winter" Project under which we intend to buy atleast 1000 new blankets and provide them to the most needy and deserving people on the streets, orphanages, villages across the state. we are estimating about Rs.1,00,000/- for this project.

If you are one among those kind hearted people in the society who think that, they can do some good work...then you can participate in this service project.

You can contribute for this mission...let us say Rs. 100/- per blanket...which may be the cost of a good lunch@ hotel...cost of our movie ticket on a week end...cost of 2 cigarette boxes...cost of two burgers enjoyed with a friend...cost of browsing net for an hour for a week...

Just think...how many blankets you can give !

where you wanted to give...you can choose your own district as well!...you can tell us where do you want to distribute (if commitment is for 10 blankets or more) abhaya would take up the responsibility of distribution across the country in the next 4 months to the most deserving people. We can ask our well wishers who are there all across the country to do this loving and caring job for the community on our behalf...

What next!

Send an email with stating your commitment to :
abhayafoundation@yahoo.com (or)
abhaya@abhayafoundation.org

we should understand the logistics involved in executing the activity and come out with the action plan by the end of November, 2010, on receiving your support.

As 1st step towards reaching 1000 Blankets Mission, abhaya would like to commit for 100 blankets! Who is joining us in this Hunting the Winter in our country.
