

### A Heartwarming Encounter: Sharing Love, Knowledge, and Culture with Tribal Friends

With Mangalasasanams of HH Sri Chinna Jeeyar Swamiji, I, had the privilege of spending 10 enriching days at JIVA Aashram, Muchinthall, Telangana, in the company of 40 selected tribals from Alluri Sita Ramaraju District in Andhra Pradesh. This unique opportunity allowed me to share my knowledge and expertise with these eager learners, imparting valuable insights into Indian culture and heritage, as well as essential life skills.

The training program, meticulously organized by Vikasa Tarangani, aimed to empower the tribals to effectively manage their prayer centers in the Lambasingi areas. I conducted engaging sessions, both morning and evening.

However, it was I who gained the most from this experience. I was touched by the participants' innocence, eagerness, and thirst for knowledge. Their curiosity and enthusiasm left a lasting impression on me.

I extend my heartfelt gratitude to Swamiji and Vikasa Tarangani, for providing me with this enriching experience. - Balachandra
