Love until Death!
Live after Death!!

The Ripple Effect of Kindness!

We're thrilled to share two heartwarming stories from our beneficiaries, showcasing the transformative power of support and guidance.

1. A Token of Gratitude

Gowtham, an Educare member, received support from abhaya Foundation during his intermediate studies. Now, as a B.Tech student, he donated ₹300 from his first professional earnings as a token of gratitude!

2. A Journey of Forgiveness

A former student from our 54th Driving Batch met our Founder at Prashanthi Nilayam, seeking forgiveness for a past mistake. He shared how he'd lied about his degree to get into abhaya driving school, but later earned enough to clear his Degree and joined PG at Sri Sathya Sai University. The founder blessed him and advised him not to build life on lies.

These stories demonstrate how kindness, support, and guidance can create a lasting impact. We're proud to be part of their journeys!

Love until Death & Live after Death ...this is our belief!
