Dear abhayans!

It is almost a decade now since I am associated with Abhaya. I first got know about abhaya when I Joined Surana Group, Hyderabad in 2003-04. I was working as Asst. Company Secretary reporting to the Founder, CS. Balachandra Sunku, the then Company Secretary of Surana Group. I may have joined Surana, with only one thing in my mind, I need to learn my work and come out as a matured CS professional. As with any other budding professional, I focused, all my efforts, time and thinking in learning and gaining work and related aspects.

In our break time, the Founder used to tell me about the miseries of people, who have come to him for some help. Some of the stories were so emotional, that it had shook my heart, as in most of these stories, people had lost HOPE for a better future. It was probably those experiences with which he founded abhaya Foundation in the year 2006. But, by that time I moved out of Surana and associated with PS Rao & Associates, Hyderabad...

It was one fine day in October'06, there was a call from the founder seeking my help! he asked me to come to Office of Sub Registrar, Punjagutta, Hyderabad for being a witness to a document. As I was just very nearby, I happily met him at the Office of Sub Registrar. Then only I realized the fact that I added my signature to abhaya Foundation's trust deed where founder was the settler. That is how, I became part of abhaya Story.

Over the years, I am proud to be associated and helping hand in... abhaya Hunt the Winter, Flood Relief, Orphan Care, Mission 1000, Propagation & Awareness Programs, Thanks Giving Events, seeking/ getting corporate support and now serving abhaya Home as its Management Committee member with my might. I thank abhaya for giving me an opportunity to be part of the "Missions". All that I did may not be even a drop of the ocean... but, I am happy to be one such drop in the service of needy with abhaya at my side.

Now, I realized that GOD has given me such a wonderful Life. Though he gave problems... he granted me courage to face the issues as well. HOPE that, days will change for better... HOPE that, I can make it big in Life... so is my association with abhaya and its Mission to Serve with H.E.A.R.T

Dear Friends, Life is not all about making money, being successful in career. Life is bigger picture. It is our duty to give back to the society in every possible way. Life is about being content in life, being happy and Nothing gives you more Happiness, when u are the reason behind someone's SMILE/ Reason of HOPE.

Most of you are already doing great work by being with abhaya in every possible way. Still I appeal all of you, to spread the cause of abhaya and give your support more actively. "LET US BE A REASON BEHIND SOMEONE'S SMILE / REASON OF HOPE".
