My Bharat... My Breath

69th Indian Independence Day celebrated with a difference

The 69th Indian Independence Day 2015, was celebrated with a difference by abhaya Foundation at Hari Hara Kalabhavan, Secunderabad. abhaya in association with Bharatha Bharathi Music Trust organized an event "My Bharat...My Breath" to salute Bharata Mata. The event was sponsored by GVPR Engineers Ltd, Sharekhan Securirties, Bachpan Schools, AHPS & Oxygem.

On the eve of Independence Day, UNIQUE MUSICAL OFFERING by Whistle Wizard of India Sri. Komaravolu Siva Prasad was the special attraction. He released a music album composed by him self on the occasion. Nearly 500 children belonging to various schools performed various cultural activities and enthralled the audience at the starting of the program.

The Chief Gusts for the event were Sri. Bandaru Dattatreya, Hon'ble Union Minister & Hon'ble Justice Challa Kodanda Ram, Padmabhushan K.I. Varaprasada Reddy, Chairman&MD, Shantha Biotics, Sri H.J.Dora, IPS(Retd) Former DGP of AP, Sri. C. Lakshmi Prasad, Additional Director, Telangana Disaster Response& Fire Services Department, and

Special Invitees: Sri. GSP. Veera Reddy, Chariman, GVPR Group, Dr. S.Vijaya Kumar, Chairman Vijaya Nirman, Sri. Srikanth Reddy, Director, Bachpan Schools, Sri. VSR Murthy, Adviser, Bharat Bharathi Musical Trust, and Sri Meda Narasimhulu, Chairman, abhaya Foundation.

The Founder, abhaya Foundation while welcoming all, mingled with the children, parents and tried to elicit their concept of Independence Day, it's significance etc. - **EJP Prasad, Coordinator, abhaya RPL.**

I am the happiest person to be part of abhaya Volunteer Coordination Team for celebrating Independence Day very differently with school student. It's a great opportunity to be with them and celebrate. I have never seen such performances in my life. The whistle songs are very different and for first time I have listened to such musical feet. Hats off to Siva Prasad garu. It was a great video directed by Bharathand released by Js Challa Kodanda Ram. I wish Bharath Anna & Raji sister for their Mission 7summits.- **Gopi Manohar, Coordinator, abhaya Team**

15th August celebrated with a difference

My Bharat...My Breath: Since my childhood I just celebrated independence day only in my school. But I never celebrated the way I did this time. It was really a good program where all the kids performed their best regarding the event. The music concert was another epic one and it was the showstopper. Last but not the least women empowerment team was another one which made the program more successful. The ladies who participated did their best with more patience. I don't know up to which extent I did my role as volunteer, but every time am learning more and more by participating in these kind of events. Thanks to abhaya for involving people like us in all the activities whereby we get the opportunity of learning more and also meet the great people. - **S Natya, Coordinator, abhaya Team**

The event connected abhaya Foundation to VIP's, Musicians, Corporates, Teachers, Kids, Parents, Women Empowerment Members, abhaya Well Wishers, Volunteers, Social Workers, Media and made them to know how different is abhaya and its work. Though the cause was just releasing Music Album composed by Sri K Sivaprasad, abhaya made it as mega colourful event creating lots of memories for 1000's of people who took part in the event. - **abhaya TEAM**

Corporates Should Reachout

Corporates have scrambled to meet their corporate social responsibility (CSR) obligations under the new Companies Act, 2013. This is not a surprise, as most companies have not regarded CSR as a business priority. The positive outcome is that the act has compelled an introspection.

The inability of companies to comply is in part because the act has not been well drafted. There is still considerable confusion on what qualifies as CSR-spend and what does not. But more than that, it is because companies have seldom placed CSR high on their business agenda. Most have subscribed to the Milton Friedman dictum "the business of business is business". Funds have, of course, been allocated for social projects, but seldom out of social conviction. It has been done to please political and bureaucratic leaders, or to secure public support for specific project investments.

Today, companies are not engaged with the beneficiary community. They provide money to build toilets, but they leave unaddressed the problem of locating the septic tank. They construct schools, but do little about enhancing the quality of education. They give money, but they have no understanding of the subculture of poverty. The result is that their contribution has had a limited impact.

What the corporates should do is take a holistic approach. They need to acknowledge that there is no silver bullet solution to the problems of poverty and that, while they have expertise, it is not of a breadth that can deliver end-to-end responses to these problems. What can make a difference are partnerships wherein the sum of the parts is greater than the whole. Take, for instance, a social enterprise between Wipro, NIIT, Larsen and Toubro (L&T) and Unilever. Each has specific domain knowledge, such as Wipro in technology, NIIT in education, L&T in engineering and project management; and Hindustan Unilever in marketing and distribution. Singly, these companies can make a meaningful and sustainable impact in their area of expertise alone. But together, given the complementary of their assets, they can shift the needle systemically.

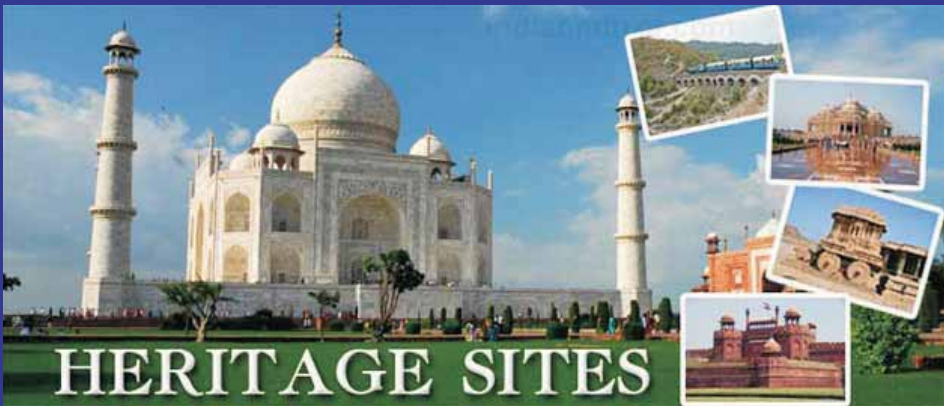

Health, education get Gujarat companies' 90% CSR spend

Gujarat-based companies choose health and education when it comes to corporate social responsibility (CSR) programs. These two sectors account for around 90% of the amount spent on CSR.

In fiscal 2014-15, health and education topped the list of several Gujarati companies such as Adani Port and SEZ Ltd (APSEZ), Cadila Healthcare, Torrent Power, Cera Sanitaryware Ltd and Atul Ltd.

"Following their global peers, all Indian companies, not just Gujarat-based companies, mainly take up CSR activities in health, education, infrastructure and livelihood."

Preserving heritage, still an alien CSR concept

In general, corporate social responsibility (CSR) programs of corporates in India rarely involve initiatives about protecting culture and heritage. Projects on education, water, poverty alleviation and almost every other

potential focus areas listed out under schedule VII of the Companies Act, 2013, find precedence over heritage conservation, indicated under entry (v) of schedule VII. The importance of engaging communities through initiatives on art and culture is not being put forth systematically and corporates are not aware about the benefits of carrying out such programs. This field thereby poses immense potential for executing successful CSR programs which can align a corporate's activity to its core business.

Among the industries that are dependent on heritage and culture, the tourism and hospitality sectors can derive maximum value from strategic initiatives. Programs can focus on establishing the importance of sites, creating awareness, grading sites on parameters, carrying out physical restoration, setting up management frameworks and maintenance. Intangible cultural resources can be catered through capacity building and training. Similarly, other sectors can also have successful CSR projects if the geography of operations holds cultural significance of some kind.

In India, a few companies have already been carrying out programs in the field of heritage and culture preservation. Public sector companies like ONGC, Indian Oil, NTPC and GAIL have been undertaking renovation and maintenance activities for temples and monuments around their operational areas. The Tata Group has been traditionally involved in promoting local structures of importance and setting up museums. Its primary mode of engagement is through institutions and trusts that receive complete funding via the group's profits. It has also assisted the Archaeological Survey of India (ASI) through grants in the past.

Initiatives such as the National Culture Fund (NCF), set up under the ministry of tourism and culture in 1996, were started by the government to help this cause. Through such efforts, the government has established a platform for channelising private investments in the field of culture preservation. A total of 100 monuments of national significance have been identified and have been put up for adoption. Though the participation and effectiveness of deploying funds through the initiative has been satisfactory, the projects prominently feature public sector companies like NTPC, GAIL and ONGC.

Canon

Canon India shows the way with its CSR program

For the last three years now, Canon India has been making steady progress with its 'Adopt a village' CSR initiative. Starting in 2012, the initiative has seen the Japanese company adopt three villages from across the country so far.

In the field of education, tangible benefits are starting to show in the places where Canon India has been involved for some time. In Ferozepur Namak, the village adopted by Canon India in Haryana, the number of female students went up from 192 in 2013 to 250 in 2014 in the village primary school.

To take its village adoption drive forward, the company is collaborating with the NGO, Charities Aid Foundation (CAF). A part of the plan at Canon is to provide soft skill and other technical training to the villagers to enable them to find meaningful jobs.

IRCTC to train auto, taxi drivers under CSR

In an effort to upgrade skills of the underprivileged youth, Indian Railway Catering and Tourism Corporation Limited (IRCTC) has launched an initiative to train autorickshaw and taxi drivers in the country. East Central Railway (ECR) is also a centre of providing training to auto and taxi

drivers about skill development and better relationship with passengers. The programme, which was launched under the IRCTC's corporate social responsibility (CSR) initiative, has elicited enthusiastic response from auto and taxi drivers, said IRCTC chairman cum managing director A K Manocha.

J&K Bank's Mega CSR Initiative on World Hepatitis Day

J&K Bank in a major CSR initiative adopted at least 50 Hepatitis C patients belonging to underprivileged section of the society across the state

for complete treatment of the disease. The patients registered with Government Medical College (GMC), Srinagar, include children, men and women who lack financial resources to meet the expenses required for complete treatment of the disease. The initiative is supported by CIPLA India Pvt. Ltd.

initiatives should not end up as a single instance of charity, but should run through years to lay foundation for better citizens and better lives.

The digital library with 18 systems is the third in the State and intended for the 270 students studying in the school, the Founder-Trustee of the foundation B.V.R. Mohan Reddy informed. The NDLM Centre, on the other hand, is the first such in the State and is aimed at empowering neighbourhood communities with digital literacy, he said. The Foundation had adopted 11 schools of the State, besides providing sanitation and maintenance facilities to 54 more schools in Serilingampally - **Collected, compiled & reported by CS B Kirankumar Gupta, Member – abhaya Foundation**

SBI lays Foundation for CSR actions

State Bank of India (SBI) has set up SBI Foundation as a subsidiary to implement programmes under corporate social responsibility. The bank will set aside 1% of its profits for the initiative.

All the associates and subsidiaries will set aside 2% of their profits and this will also be channelised through the SBI Foundation. The annual corpus of the foundation will be Rs 175 crore, of which Rs 130 crore will come from the bank and the remaining from the subsidiaries.

Cyient Foundation launches NDLM centre

Governor of Telangana and Andhra Pradesh E.S.L. Narasimhan lauded the National Digital Literacy Mission (NDLM) as a tool to make governance accountable to people, and to spread awareness as to what the Government owes to its people.

Having launched a digital library and an NDLM Centre set up by the Cyient Foundation at a Mandal Parishath Primary School on the Telangana State Special Police premises at Kondapur, Mr. Narasimhan said that corporate social responsibility (CSR)

Guided tour- Vana Yatre- Thithimathi – Kodagu Dist. & Adkar - Sullya Dist.

The trip was headed by Mr. Sripada- head of Vanavasi Kalyana-Karnataka. The entire trip was sponsored by our beloved CS Ramesh Bhat- one of the kind hearted abhyans

Team Members:CS. Ramesh Kumar Bhat; Sri Sripada, Mrs. & Mr. CA Raghavendra from Tumukuru, CS Geetha Shashidar and her daughter Baby Jahanvi, Manju Ganesh CS-Final, CS Prakash Kamath, CA. Dwarakanath and CS Thirupal Gorige, Harikrishna A, Software Engineer.

Habbala Patna Thithimathi - Deep Forest Area

We met 50 boys & girls (a tribal school) of coffee & spice plantation tribal community & had very good quality time spent with teachers; parents, local leaders. We created awareness about formal education but got inspired in many folds from their talent, hospitality, sports, strength, simplicity, confidence on rain god, life style, living with wildlife next, attitude of not alter ecological balance, not-killing of wildlife at any cost, except scaring to save their rich forest produce.

By trekking around 3 KM, we in 4 teams visited the houses of these students to interact with parents and elders. Between houses there's a minimum of half KM distance. Every house is equipped with solar panels for complete power requirements.

Night stay as a guest was a very unique that is staying in an unknown well-wisher host home and during stay one needs to make friendship with them. It was very good experience. Hospitality extended by the host was unique and unforgettable.

Adkar- Vanavasi Kalyan Hostel:

We visited Vanavasi Kalyan Hostel at Adkar around 7 KM from Sullya Town, Karnataka in the forest area of Western Ghats. The hostel accommodates around 50 students. The hostel is equipped with all state-of-art-facilities for the students. The hostel is run by Vanavasi Kalyan- NGO- Karnataka for the benefit of Vanavasi Students (Tribal Students). All the facilities are provided to students at free of cost. We spent quality time with inmate-students. The progress of the students with 2 months of stay at Hostel is phenomenal. The performance of students, in studies, sports, and other extra-curricular etc is exceptional. Highly talented and gifted children they are. Value education imparted to students is astonishing. It is observed that students are very fortunate to have very dedicated trainer, monthly home-maker and brother like mentor. People staying nearby hostel also extents all possible support for welfare of students. Some of the home-makers staying nearby take care the uniform design and stitching at free of cost. Right now there are 12 students hailed from different parts of deep forest in around 150 to 200 km from this hostel. Our trip houses of these students would pave the way to join more students in the near future.

Construction of well –Chippegere forest area:

The construction of traditional drinking water well for tribal community at remote forest nearby Chippegere is stalled by heavy rain for last 3 months. Now it rains normally. Once it stops, construction work will be resumed. It is expected by next month we can complete the construction work. Necessary material including blocks made out of cement were already made and kept for dry.

abhaya TEAM to visit Tumukuru on 7th Sept 2015:

With kind initiative of CA Raghavendra, well known Chartered Accountant and a philanthropist involved in lots of charitable activities at Tumukuru, abhaya Team proposes to conduct mega awareness session on Career Counseling & Personality Development for College & High School Students on Monday 7th September 2015. Some of the well-wishers and abhayans hailed from Tumukuru region are expected to attend these sessions to share their adventurous education, career graph, learning curve and leading successful life and supporting hands. – **CS G Thirupal, Trustee, abhaya – B'lore**

Bharath Thammineni & Raji Ch wished to scale Mt Kilimanjaro, Africa

Mt.Kilimanjaro: This mountain is located in Tanzania(Africa), the highest mountain in Africa continent with the height of 19,340 feet, which comes under 7 summits of the world.

Myself Bharath Thammineni with my sister Raji Thammineni from team Abhaya, are aiming to capture all 7 summits of the world in propagating the cause of Swachh Bharat, and this August 18th we are travelling to Tanzania from Mumbai to climb Africa's highest peak Mt.Kilimanjaro, after the expedition we are visiting one school in Tanzania and doing one day inspirational program for them and also distributing them school items and sports items from Abhaya foundation. - **Bharath**

1st Milestone in expedition to 7 Summits achieved by Bharath & Raji

The first accomplishment in our journey to scale all 7 summits in the world started with our journey on **18th August** to Tanzania from Chatrapathi Shivaji International Airport, Bombay, we reached Kilimanjaro airport in Tanzania in the evening, there the trekking consultancy people met us in the airport and they took us to the hotel in Arusha town where we took rest for that night.

19th August morning we visited Aston Vision Orphanage Home where we met students of 4 to 5 years and spent time with them, later we travelled to the Massay village where we met typical African tribal and know their lifestyle, it was a very interesting and thrilling to know about them, we came to know lot of information about their living style it was little bit similar to the living style of old Indian village people, and we came to know that they will not encourage children to study because if they are educated they will marry the other higher tribe people and leave their tribe.

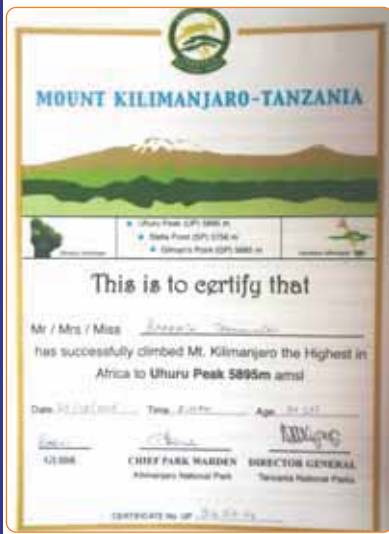

20th August after the breakfast, we moved from Arusha town to Moshi which is 2 hours drive in car and from there we reached to Marangu village and after completing the lunch near Marangu gate we started our 1st day trekking to Mandara Hut which is at 8860 feet altitude, which took us 3 hours, the total way was a rain forest and we enjoyed the trek a lot, after reaching the Mandara Hut we made a camp there and slept for that night to gain the acclimatization.

21st August after the breakfast we packed our lunch and started our trek at 7:30 am from Mandara Hut to Horombo Hut which took us 5 hours to reach there, Horombo Hut is at an altitude of 12,140 feet and the total trek was almost in a dry forest and after the 2 hours of our trekking we crossed the clouds and it was a beautiful experience to look at the scenery around us. After 5 hours we set up our camp at Horombo Hut and there we went around for the acclimatization and after that we had our dinner early and arranged our gear for the next day trip and slept. **22nd August** we woke up early in the morning and started moving towards Kibo Hut which is at an altitude of 15,420 feet and it is a very long walk of 13 kms in the rocky mountains, we reached there early in the evening, because of the high altitude we experienced a very quick change in the temperature, it was very cold and we were totally in our tents without coming out and we finished our dinner early and we slept at 6:00 pm thinking about our summit night.

The final summit night has come the same day we woke up at 11:00 pm in the mid night and we packed our gear equipment and snacks and started our trek at 12:00am thinking about our dream of first success, from the beginning the climate tested our patience till the ending, in the early morning hours we reached the Gilmans point(18,650 feet) after 6 hours of continuous trekking in the very low temperature, and from there we can see the Uruhu peak(19,341 feet) which took us more 2 hours to reach the point,

August 23rd at 7:58 am we reached the point and stood on our knees down with excitement thinking that we captured the Africa's highest peak was a great experience. There we hoist the Indian flag first and followed by the abhaya flag which stood behind us in capturing the Africa's highest point and make us to know about the real service and real love. We spent there for 4 minutes as the climate was too windy and very low in temperature didn't support us to stay longer. The 4 min on the top was full of mixture emotions can't explain in words and just want to thank abhaya for all this (A normal guy from his Dreams to Vision). - **Bharath Thammineni & Raji Ch**

**abhaya congratulate
Bharath & Raji
for their successful
expedition at
Mt Kilimanjaro, Africa**

Finally we thanked our 2 guides Mr.Beriki and Mr.Joseph who stand with us the total expedition and making it successful, and also we thank all abhayans, family, well-wishers who stand with us in the odd times. Immediately we started from the peak and we are on the way back and reached the Marangu gate on 24th August in the mid afternoon and we collected our certificates, and from there we travelled to Arusha town. On 25th we had a city tour in Arusha town, which is the major business town of Tanzania, many Indians were settled there long back and the city is the mixture of all people, there we can see Indian Hindu Temples and also Gurudwara. On 26th evening we fly back to India with lot of memories from Africa...we reached Mumbai airport on 27th morning through Ethiopia. - **Bharath Thammineni & Raji Thammineni (abhaya - India)**

abhaya@Africa

Aston Vision Orphanage home was started by Mr.Aston, where the orphanage children were given proper education and food. This orphanage consists of 75 kids. Aston when he was kid struggled a lot for education and food. He was a street kid. His past made him to start Orphanage for street kids. We visited Aston Vision Orphanage home on 19th August and spent some time with Kids. We distributed Pencil Boxes which consists of Pencil, Eraser, Sharpener, 6 Sketch Pens, Scale and Balloon. African children were so fascinated for foot-ball, so we distributed foot balls to orphanage. Children were so happy to receive them. We played with the children and we took photographs with them.

Our hearts were filled up with Happiness to see joy in the eyes of children. Thank You Abhaya for giving this opportunity and supporting us for this good work. After that we went to the Masai village to know the lifestyle and culture of the African tribal people, even there we met children and know the information about their education and nutrition what they are getting, these people are very far to the education and they only live on forest, there we motivated the parents to send their children to schools and we spent good time with children and distributed small gifts to them. - **Bharath & Raji**

Kusuma is all set to lead a normal life

It was almost 3 years journey with abhaya for Kusuma, she is able to manage the issues at abhaya Home independently with all her might. She became single point of contact for many who wish to visit abhaya campus. She started standing on her own feet and slowly walk with the walker post major surgery 6 months back. She is presently taking care of all inmates, unemployed youth with the support of other destitute and housekeeping staff. Though there are difficulties in managing and mentoring her.. given the circumstances she is able to lead the people. During the last month, she managed to received more than 200 calls from unemployed youth. She is talking to VIPs who are visiting and guiding the people who are seeking the help. Hoping that she would become true administrator soon giving life to many at abhaya Home. From immobility to mobility... from dependent to independent... is all the story of Kusuma.

Ravi,, now able to move on his own at home

Surya Teja...Volunteer accompanied with Ravi from abhaya Home to Blore

With the intension of finding a comfortable mobility for Ravi to start living on his own, Ravi was taken to Bangalore on 12th Aug, 2015. After reaching Bangalore, we reached Mobility India where customized wheel chair will be given for Ravi. The Doctors examined Ravi in all aspects. Ms Geetaamrutha (Vice president of Mobility India, to whom already Balachandra sir spoke) arranged everything in advance including accommodation, doctors who can understand Telugu. They

spoke to Ravi and understood the basic problem and then started to test his legs. Examination continued for next two hours, measurements were taken for his deformed legs and accordingly a wheel chair was suggested by the doctor.

Later Geeta madam spoke to Ravi for an hour, she spoke about how to use the wheel chair, importance of regular exercises in wheel chair, and how he can perform his own activities. She herself being a polio victim taught Ravi how she tried to get rid of that and make a normal living, thus making him to realize his own strengths.

By next day morning, the doctors were ready with the

customized wheel chair. Referring with the previous reports and as per the requirements of Ravi customizing was done. After having tested two to three times about comforts in his body postures the wheel chair made ready and delivered to Ravi by afternoon. Doctors taught him how to climb upward and downward slopes safely in wheel chair. Once the wheel chair was completely delivered Ravi was very happy, comfortable in his new wheel chair.

Post lunch we took the appointment of an Orthopedic Surgeon to get suitable advises to Ravi's problem. Doctor told that Ravi was attacked by a paralysis stroke in the left leg which was untreated for few days and wrongly treated after that resulted to the present situation. He said physiotherapy would help to prevent deteriorating his position and suggested to consult other experienced orthopedic surgeon in Vellore. 15th Aug, 2015 after attending flag hoisting in Mobility India we visited Margadarsi foundation founded by Geeta, there were many physically challenged staying but none of them seemed to be feeling so. They were all smiling, doing all the works like normal persons. Though they are physically challenged persons sitting in wheel chairs, they dance. They showed videos of their stage performances, spoke with Ravi made him to realize that he is not less to anyone and can achieve anything.

After returning from Margadarsi, Srihari garu, a member of abhaya visited Ravi spent some time teaching him to be strong enough to face different situations in life, said that he must be in a position to inspire everyone, not in a position of taking sympathy. Thus with a great inspiration, with a thought of performing his activities on his own, to continue his studies and a comfortable wheel chair, Ravi returned from Bangalore to Abhaya home.

Before reaching Bangalore my thought was to provide a comfortable wheel chair for Ravi and I thought of inspiring him. I expected that at least one person could meet Ravi who is physically challenged yet confident enough in performing tasks so that I can set him a live example. But in reality seeing and meeting Geetaamruta madam... all my thoughts were fulfilled. Not just one person, I met around 7 persons who were physically challenged yet were very happy. Even though they too have worries there are always smiling, this actually made me to feel how disabled I am mentally, I saw the purest form of heart in them. I just bowed my head for the determination and confidence they possess.

I just felt I am very lucky to meet Ravi because of him I got to know about abhaya and that led my journey till here. At this stage I felt Ravi to perform all his works by his own so that his mind will be active always I also spoke with Ravi about this, after seeing them I said you too must be in a position to inspire someone like them. Constantly I want to mentor (directly or through my team members) him about this, I want him to realize his inner strengths then we want to join him in a school so that he can continue his studies, because he can achieve anything once he continues his studies

If I have the blessings and company of abhayans in life... it's very easy to become a HERO... Seeing the glittering face of Ravi, I understood that such a service can only be done by abhaya and no one else can do such things. Happy to be abhaya Volunteer - **MVBS Teja, Volunteer (VNR Students Force) Hyderabad**

Took Abida yesterday to Global for consultation with Dr. Suresh Reddy. He has reviewed the case and adjusted the dosages of medicine and also given some medicines for headache and giddiness. She is fine as of now, has been recommended for an eye checkup, which can be done locally at Ibrahimpatnam if need be get a pair of glasses for her. Got her 1 month of medicines.

Brief update about all inmates at abhaya Home

Kameswar Rao, though recovered from a state of destitute to a normal being... he is yet to gain memory and forgetfulness. We tried to send him to work with the help of Srikanth Natarajan, but at least 4 times he left the office and absconded. Hence it is decided to keep him at home only. Lakshamma, Gopal, Lakshmaiah, Chandamma and others are leading healthy life in spite of their disabilities. They are able to assist in Kitchen, Garden etc.,

Celebrating Birthdays differently at abhaya Home

Slowly many people who came to know about abhaya Home coming to celebrate their birthdays and special days with the inmates. This is something great as the special days are celebrated differently by feeding the inmates and Santhosh, an Engineering Student from Sheriguda first start such events by celebrating his birthday at home. He spent his time from morning to evening with inmates. They served food to inmates and felt happy to celebrate birthday here.

Srinivas, the new driver who joined at abhaya Home celebrated his son's birthday. The 11years boy spending his time with inmates and knowing the stories of every inmates was very unique and kind gesture.

Vaishnavi, 12 years old girl celebrated her birthday too at abhaya Home, the parents with near and dear enjoyed making her birthday a memorable day in life. abhaya Home pray for the well being of all those who celebrated their special days differently.

The great memorable day in my life

I received a call from Principal of T.S.W.R.S, Ibrahimpatnam, inviting me to attend Independence Day celebrations at their school as a Chief Guest on behalf of abhaya Foundation. I am thrilled to attend the celebrations and the Principal expressed his gratitude to abhaya for helping them in Operation Einstein and also bringing MSL to their campus. They were all very happy and he

and his staff honoured me and there after I had the fortune of addressing the students on "HOW TO BE A GOOD STUDENT" for 30min. This is great memorable day in my life to share my thoughts with young Indians. - - **D Ramesh, Manager - abhaya Human Excellence, Ibrahimpatnam**

abhaya brought Mobile science lab to Ibrahimpatnam

- Astronomy
- Biology
- Chemistry
- Maths
- Physics

abhaya Home connected Sri Lateef from Mobile Science Lab, Hyderabad and invited them to bring the Science Lab to Ibrahimpatnam to benefit all the Govt School students especially for 8,9 and 10th students on Science and Maths subjects. They are very kind enough to accept our request and invitation. For the first time such MSL arrived on 13th August. We have planned to so well to involve all the Students belong to Govt and T.S.W.R Schools as the MSL is very useful to students to get more marks and proper understanding of subjects. MSL proved that this is more helpful to students get good knowledge and more marks in subjects. MSL arrived at Ibrahimpatnam at 10:00AM and a grand reception was organised by Govt students to the pleasant surprise to the entire team of MSL. Students Welcomed the MSL with uniform march fast and band to T.S.W.R school and worshiped MSL as if GOD entering to the campus. The inaugural Session was graced by District Coordinator of Social Welfare Hostels, Smt Geeta Lakshmi and attended by scores of HM's with their teaching staff. The Founder and the Guests addressed about 1500 students on various topics. MSL team later given demonstrations on Science and Maths subjects. All students were so happy to part of in this program. - **D Ramesh, Manager - abhaya Human Excellence, Ibrahimpatnam**

పరిశోధనలతోనే ప్రగతి : లతీష్, శాస్త్రవేత్త

పరిశోధనలతో ప్రగతి సాధించవచ్చు. నేటి తరం విద్యార్థులు ఎక్కువగా వైద్యులు, ఇంజనీర్లు అవుతున్నారు. అలా కాకుండా పరిశోధన రంగంవైపు దృష్టి సారించి ఉత్తమ శాస్త్రవేత్తలుగా దేశానికి సేవలందించాలి. విద్యార్థులకు తైలస్థాయిలో సైన్స్ పై అవగాహన కల్పించడానికి మొబైల్ సైన్స్ ల్యాబ్ ద్వారా దేశ వ్యాప్తంగా అవగాహన కార్యక్రమాలు నిర్వహిస్తున్నారు.

కొత్త విషయాలు తెలుసుకున్నారు : భాగ్యలక్ష్మి, ఉపాధ్యాయురాలు, బయాలజీ

ఈ కార్యక్రమం వల్ల విద్యార్థులు ఎన్నో కొత్త విషయాలు తెలుసుకున్నారు. విద్యార్థుల్లో ఆలోచనా శక్తిని పెంచే ఈ కార్యక్రమాలతో విద్యా ప్రమాణాలు మెరుగు పడతాయి. శాస్త్రీయ పరిశోధన, బోధన రంగంలోకి విద్యార్థులు వస్తారు.

RTA - IBP appreciated Youth Empowerment

We met Sri Gowrishanker, RTA, Ibrahimpatnam seeking his support for abhaya Home - Youth Empowerment Initiatives which aimed at creating livelihood to unemployed youth. He while appreciating the efforts of abhaya,

assured his best support for Driving Course in terms of sending RTA Staff to teach classes, getting the Driving Licenses etc.,

With his advise, we further met Sri Raghunandan, MVI and he said that they will arrange for class room session for the driving students at abhaya Home. He felt very happy visiting the home and also speaking to the students. Both of them are very sincere, hard working and kind hearted persons. We convey our sincere thanks to both the officers and other RTA Staff. As of now, as per RTA advise, we prepared a list of 60 candidates for getting learning licenses. The RTA provided study material for driving students and advised them to prepare for test. It was an unique gesture from RTA. As of date, about 15 candidates could get LL for driving. The process is on going. - **D Ramesh, Manager - abhaya Human Excellence, Ibrahimpatnam**

abhaya Home Team met MRO Ibrahimpatnam

We met the newly joined MRO of Ibrahimpatnam, Sri Vijendar Reddy. We took time to explain about abhaya Home and its activities in and around Ibrahimpatnam Mandal. He while appreciating the efforts, assured of his support and help in our Youth Empowerment Programs and also said that he would do his bit in caring the

Destitute & orphans for whom care is being provided at abhaya Home. We sincerely thanked him for his assurance. If such people stand by abhaya in the society we can create wonders in society and we can help many people in society - - **D Ramesh, Manager - abhaya Human Excellence, Ibrahimpatnam**

How a small news item paved the way for Empowerment Program

One day, I was speaking to Mahesh, who is reporter of Eenadu about abhaya Home and the community work happening since 3 years. He was inspired and he gave a very brief news item in the Eenadu Dist edition stating that abhaya Home is conducting free classes for driving classes /computer/ spoken English for unemployed youth at their campus in Ibrahimpatnam. Just that small news item made more than 200 unemployed youth from many districts of Telangana, there were floods of calls from various unemployed youth. We finally informed them to come to abhaya home on 17th august at 10:00AM. The Founder and myself with the help of Mahipal interviewed about 150 unemployed youth and finally short listed 20 candidates for next 2 batches of driving course and shortlisted about 12 candidates for free Computer and Spoken English classes which are scheduled to start from 1st September.- **D Ramesh, Manager - abhaya**

I am Sharath Pola from Mahaboob Nagar Dist., presently staying in USA with my wife Shlpa. My wife got an admission for MS in a university here. By Baba's grace she got scholarship after getting the admission in the University of Cincinnati, Ohio State, USA. It was such a great support to her in pursuing her Masters in USA, so we humbly thought of giving a donation of Rs.65,000/- to abhaya Home of Happiness and abhaya Foundation for the wonderful humanitarian works happening in the state of Telangana as we truly believe in "Serving the Man is Serving the God" which is happening at abhaya since a decade. We request you to add this amount to the Corpus Fund. - **Sharath Pola, Coordinator - abhaya Sankalp USA**

abhaya Jiva with JAVA for Engineering Students

Happy to initiate and conduct the JavaNJiva course in association with Abhaya at AHOH.

I am marking Satya who is our Java technical lead at Sun KPO . We will put together this program . Sabitha will help us coordinate the logistics -- kindly nominate one person from your side to help us coordinate further.

From our side we will provide :

a) instructors - 2, b) lab coordinators - 2, c) one master copy of course material co-branded with Abhaya / Sun KPO , request AHOH to facilitate copies of the same for students, d) instructor laptop, e) Master copy of Java related software required for the course

abhaya tasks:

a) Desktops with Windows 7 , atleast 4 GB RAM , and 500 GB HDD, b) □Projector, c) Notepad and pens for kids, d) Tea and Lunch

e) Copies of training material (from master copy), f) Attendance sheet, g) Completion Certificate, h) One coordinator who can be with us for 2 days, i) Internet & Wi-Fi -- > This is CRITICAL

Pre-requisites:

a) B.Tech CS/IT or with programming background / MCA / BSc IT - other streams need to attend a boot camp at Sun KPO if need be

b) Basic google on topics that we will circulate 2-3 days before the program so that they can start this better

c) REALLY needy people who can't afford to have such training elsewhere, else we will be denying a needy person that chance

If we find any good and sharp candidates, Sun KPO will be happy to give them an apprentice / internship at our Shamirpet office (residential)

One week before the scheduled program, will help setup and do the diligence. Please find attached the proposed schedule; it will

be a packed day, but I am sure it will be worthwhile. You may plan the Jiva sessions around this.

If the program is successful we will repeat it for many batches, and also introduce advanced programs. Your energy and blessings are required to make this into a successful event! – **Srikanth Natarajan, Technocrat, Hyderabad, (Member of abhaya Home of Happiness)**

This is a good initiative, but the infrastructure that mentioned is a bit high. I think, we don't have such machine configurations. We can decide on the feasibility of conducting once the machine configurations are good to run the JAVA. As I understand we need to upgrade the systems to suit the requirements.- **KSV Sivakrishna, Secretary, abhaya**

Srikanth Natarajan visited abhaya Home

Member of abhaya Home, Sri Srikanth Natarajan visited inmates and distributed fruits. He discussed about the ongoing works and development of abhaya home of happiness. He suggested the team that a 7 seater auto branded with abhaya Home Logos can be bought and that can be kept at the main road of Ibrahimpatnam, which can run as free auto to abhaya home of happiness. This is a great thought as the auto becomes a campaign vehicle for abhaya Home in the general public. For the fuel need for the auto, he suggested to connect to local petrol pumps as donation. He also shared one more good idea about conducting JAVA with JIVA for poor engineering students so that his team from city during week ends can spend on the sessions. - - **D Ramesh, Manager - abhaya Human Excellence, Ibrahimpatnam**

Sri Alapati Srinagesh

Sri. Ramalingeswara introduced Sri. Alapati Srinagesh goes to Corporate Offices to take up classes, it seems. He read about abhaya Foundation and seems to have sent his resume to us some months ago to support in his own way. He didn't get any response. Forwarded our July'15, News update to him. As part of his contribution to the Society, he is prepared to take up classes free for NGOs like us. Since our

HOH is far off, he is interested to come to take up classes but requested arranging to and fro conveyance. He can come regularly to help different target groups at HOH, he informed. His contact numbers are (9346239452, 8790713552) He is well known to Sri. Ramalingeswara Rao and hence he suggested him as Faculty for our HOH. If it suits us, we can talk / send mail to him, explaining our position. – **EJP Prasad**

Mission Bhavya

6 years old Bhavya from Mamidipalli village near Shamshabad studying at Mamidipally Govt. Primary School was hit by trally and her leg got very badly damaged as it's crashed by the tyres of the vehicle. She is admitted at Vasavi Hospitals, Hyderabad and required urgent surgery to her damaged leg, which her parents couldn't afford. GMR Foundation trying to pool money with abhaya towards her surgery and we request your help too in treating her. Let's know if you are interested to be part of this Mission Bhavya

What happened next is a Miracle:

abhaya through whats app and email dissemination is able to pool close to Rs. 1.5 lakh in just 48 hours of appeal. And further abhaya Chairman, Sri Meda Narasimhulu spoke to the Chairman of Vasavi Hospital Sri Ganji Rajkamal Guptha and informed we paid Rs.4.00 lakhs as of now (Vivekanada Youth Association, School Staff, GMR Staff and other wellwishers). Rest to be taken care by Vasavi... He is kind enough to agree to the request. Dr Shulapani kindly consented to do plastic surgery to the leg free of cost if needed. abhaya could pool close 1.5lakhs. Finally saluting ADP Raghava abhaya volunteer n JaySree for their wonderful volunteer work for the Mission Bhavya. The major contribution is from PS Rao n Associates Hyderabad... It's always heartening to have the team over there as rock support in any case... Prayers for them. – **abhaya Team**

Mission Nukaraju

I am B. Sujana Bharathi from Kakinada, I am seeking your support with the reference of S. Leelavathi, abhaya Educare Member. We are from Pallipalem which is near Yanam. I have an elder sister. My father used to live at Samarlakot and leading the family with the welding work. Till 8th class, I studied at the village, but due to the family disputes we shifted to Kakinada and I completed my X class. During this my father was suffering from skin disease but he didnot know that was psoriasis, he took treatment, recovered and forgot about it totally.

Me and my sister shifted to Kakinada. I completed my Inter & Graduation. My sister completed polytechnicin Civil Engineering. My father was suffering from skin disease since many years, but he did not take care about that due to unawareness about the consequences. Later in 2011, My sister got job at Vizag and I got PG admission in G V P College.

In the year 2012 my sister got married and father lostall his property due to various reasons and hence he was in deep depression. He developed tension thereby addicted to bad habits with all that psoriasis became very serious. Since then, his condition is slowly deteriorated

On the other hand, Sister started facing issues with her married. Each situation turned in to our bad and affected father badly. But I did not lose my interest in studies, I did B.Ed., while working with a College and shifted to Hyderabad in 2014 and worked as a Junior Lecturer at Sri Chaitanya College till June 2015. I used take home tuition on one hand and joined in C S REDDY Caching Center to continue my studies. I am very confident to qualify the CSIR UGC Entrance Exam. Though it was costly affair for me, I joined there with my friend financial support.

Since completing PG I am supporting my family with all my might and presently I would like to continue my studies along with my job. Right now my parents also shifted to Hyderabad. I recently got a job in Polytechnic College of Engineering. With this job I am confident of managing the family and related regular expenses, but I am unable to take care of my father's deteriorating health. When I spoke to Leelavathi my friend, she connected me to abhaya. I need abhaya's help to take care of my father's health. - **B. Sujana Bharathi, M. Sc., (Ph.D), Hyderabad**

What happened next?:

After meeting this girl and understanding the situation, founder called an abhayan Sri S Veera Sekhar, who is aware of such disease to get the doctor's appointment in Bengaluru and arranged for their journey. Bharathi took her father and Doctor after examination, given medicine for two months and asked to come for a review after that. Founder further advised her to focus on her job and studies as she is the only bread winner for her family - **abhay Team**

Mission Sharvanee

Baby Sharvanee got tested and checked for the NEW ventilator last week and from now she will be on NEW ventilator. Also baby enjoys going to school and now will be in Second class from September'15.

Mission Aadil Baig

My Confession to you is in regarding a 10-year Old boy Master.Adil Baig. He is suffering from a rare autoimmune disease called A-PLASTIC ANAEMIA. It is a kind of blood disorder which is life threatening.From One and half year he's battling through the treatment,May ALLAH SWT give patience to him and may he recover the health very soon.Hence,he need to undergo Bone-marrow transplantation.

And For this treatment it costs around Rs.14 lakh to serve as Allogeneic Pheripheral Blood Stem cell Transplant (PBSCT) diagnosed at the Prestigious CMC Vellore .His Sister Ms.Shahistha Begum HLA is fully matched and willing to serve as a Peripheral Blood Stem cell Transplant. To do this treatment Adil's family cannot meet the requirements. As he's father is a Car Driver. And that he afforded everything earlier and now with a single hope of humanity and helping hands can contribute for his son (Adil Baig's) BMT treatment.

Mission Prudhvi Raj

Dhanraj Singh, who is working as a security guard called abhaya seeking help for his brother. His brother name is Prudhvi Raj, a mentally challenged person. They don't have any relatives to take care of. Dhanraj earning about 5000/- per month and taking care of his elder brother. One day prudhvi complained that he is having discomfort at chest. He was taken to a physician and the doctor suggested to take medicines for one month, which will cost about Rs.800/-. With some friends reference, dhanraj called abhaya for support. We felt very sad that even 800 is a BIG help for them and granted him with the same. Now Prudhvi is taking medicines and feeling better.

Hence, it would be good,if we can raise funds or suggest others whom you know,can helpout through whatever or how much ever it might be by helping this 10-year Old boy Mr.Adil Baig from fighting the disease A-PLASTIC ANAEMIA. Apart from the Cost of Bone-marrow transplantation for which estimated cost is around Rs.14,00,000 -/- and many bills,copays,transfusion expenses , l a b s , b e d costs,medication,food,accommodation that they have to incur are excluded.

Mission Hari Prasad

Hari was taken to orthopedic doctor and they suggested to use some specially made limb aids to assist him in keeping his hands straight. His family got a white ration card in Hyderabad and they are now eligible for most of Health assistances provided at Government Hospitals. As per doctor's suggestion, they approached govt. hospital and got the limbs free of cost. First day they

took dimensions of Hari, so that the limbs can fit him perfectly. He is using those for past 15 days.

Mission Sirisha & Divya

The physiotherapist is regular in visiting their house and giving the exercises needed for both Sireesha and Divya. Their mother Manga is updating about the progress and she felt happy that abhaya is supporting them again. We told her to know how to do all the exercises, so that she herself can assist both the kids for physiotherapy. As the progress will be slow, we need to wait patiently to see the improvements.

An appeal to those who wish to seek help on behalf of the needy!!!

Greetings and salute you for the heart you had for the lesser privileged. Believe us this is how good work happens in this country silently. abhaya would stand besides you while you do work for those who are in need. As of date we have about scores of critical cases and each of which needs huge resources and time.

abhaya being very small in size, it always try to encourage the people who bring such cases to volunteer and lead their cases from front... what is needed is that: kind heart and strong will to pursue... this is enough to conquer the world around.

Following general action points invariably are followed in each of the cases and these are all the steps the Volunteer who brought the case to the Foundation seeking the financial assistance. Then it would be very easy to bring a meaningful conclusion for the Mission:

- We need to interview the seeker of help along with the family members about situation.
- Capture a short interview/ impressions of the needy in video
- Look at the similar interviews posted at abhaya gallery before shooting.
- Capture photos, collect Doctors estimate, present status, funds position, time available.
- Share your photos and contact details... stating how you connected to abhaya.

- Abhaya would provide initial/immediate financial assistance in a phased manner.
- Simultaneously Abhaya publish an e appeal.
- This would be further sent to Abhaya well wishers by email
- Appeal would also posted in blog, FB, Twitter etc.,
- The Volunteer to share appeal with his contacts and identify at least 5 donors.
- All the donations to be routed through Abhaya as they are exempted under 80G of IT Act.
- abhaya can also receive Foreign Contributions and it has FCRA Approval.
- Volunteers must approach electronic/print media, fm radio etc., from abhaya.
- More is the amount needed...much is the effort needed.
- Volunteer must educate the family who is seeking help to approach MLA/MP/CM,/Governor.
- Volunteer to sit with the affected family and understand if they can connect to positive people seeking possible help in their own circle.
- Volunteer to contact HR Heads of various IT Companies with abhaya appeal so that many IT professionals would extend help.
- Volunteer to have kind heart and strong will...
- Abhaya would provide all that is needed to do the above for those Volunteers who wish to lead.
- If the Volunteer is ready to lead... then they can visit abhaya during the week end.
- Once Abhaya take up the Mission then Volunteer must act as single point of contact till the end.
- The Volunteer must update about the progress and provide all the bills for amount spent.
- If the above is not possible... then it would be difficult to provide help to the needy.
- In that case let Volunteer start praying for the recovery of the needy by providing one time help which would be normally be sanctioned on merits of the cases if the help brings in life for the needy.

Sireesha (Agr B.Sc.,)

I I am Sireesha, Trinity Academy of Agriculture, I am very much thankful to abhaya for the kind support and help in continuing my education.

I went to Agra as part of practical learning during the last month and came

back to Hyderabad on 26th July. I am attending classes for the 3rd year. And soon we are going for an educational tour in the month of August. I have to pay the college fee of this year on before 10th of this month so, kindly help me to continue my education.

Update:

Sireesha visited Bangalore for Agri Fest, where several experts in the fields of Agriculture, aqua culture, poultry and other related fields put up stalls and explain innovative improvements in their respective fields. It will give her a great exposure in her field. Also she need to pay her fee, as Monisha from Helping Hands could not pool half of the amount in time, we asked her to speak with principal seeking permission to pay the fee in two installments and also some extension to pay to first term. The principal kindly agreed to pay the fee in installments and asked to pay the first term by August month end.

Sharmila Venkatesh (B. Tech)

I got my results of sixth semester and I secured 77%. I'm in top 3 in my class. I'm really not happy with the results. I said I will stand first but I couldn't, I am sorry. This year I will work harder. We will have campus interviews in my college. I will surely get selected. My college fee for this year is Rs. 45,660. I have my scholarship amount Rs. 15000. Last day for paying fee is 10th

(As she could not follow the guidelines since an year and further she could not give answers to the questions asked... abhaya could not provide the support. – **abhaya Team**)

MD Arifuddin (B. Ed)

I was selected and participated in state level Youth Convention for 3 days. We visited many historical and tourism places in Hyderabad. I participated in elocution completion and I got certificate. I met Sri. Azeem IAS and Venkatesh IAS, Secretary TS Youth Services. My PG admissions will be in the month of August 2015 and I applied for hostel. I need abhaya help.

Update:

“Spoke to Arifuddin, and counselled him about his situation and family situation. He got a good rank in PG, but it's not free of cost. He has to pay a fee of Rs. 60000/- per year. His family is not in a good position to support his studies. So he is planning to get the support from various organizations. But as he is completing B.Ed, we told him to check for suitable job first. That will give him real work experience and also support his family to some extent. He will be coming to Hyderabad to meet us in person and explain his situation better way”. – **KSV Sivakrishna, Secretary, abhaya**

Lelavathi (M Sc., Ph.D)

I am doing fine by the grace of god and hope everything is going good over there. I am able lead my life happily with abhaya at my side. My health is recovered and one month course was done for my headache. But I had some dental problem as well, I consulted dental doctor with the reference of abhaya. Dr Ramana Reddy, Dental Surgeon received me happily and did very carefully treated me. Right now I am under treatment, repelling and x ray were done and after one week he will do capping of my teeth so heartily thanking the doctor.

My coaching going regularly without any disturbance. Except coaching time, I am focusing on preparation which is going for 10 hours in day and then discussing about class and model paper for an hour and clarifying

my doubts with my friends and faculty there by updated my knowledge.

If I am bored with preparation, then am trying to learn about reasoning, aptitude, general awareness, current affairs etc.,

abhaya providing me all that is needed for coaching, hostel, health etc., I have no words to express my love for abhaya. It is giving lot of encouragement to me morally and financially. It's supporting my health and education like that of my parents. And also involving me in good work wherever possible. The visit to Rajamundry and Tribal School made me to learn so many things about life and it further inspired me a lot by knowing such great things of abhaya. I felt very happy to part of this team.

I am sorry for not able to participate the 10 days course for the unemployment youth conducted at abhaya Home, though that was a great idea. We missed the great scientist Dr. A.P.J Abdulkalam... its very bad news for all Indians. Thanking abhaya for giving me such an opportunity to share my thoughts.

Sailatha (MBBS)

The everlasting memory in this month is the divine event, I attended at abhaya home where so many godly things are happening and came across so many people who are in quest of different things and finally I felt abhaya blossoming, fostering and lighting many lives, many young minds, ideas etc., thus I thoroughly enjoyed as much as I can. My heart filled with blissful divine delight.

The next day itself in Hyderabad only, bought books with the idea of simultaneously preparing for PG after seeking suggestion from professors regarding authors etc., they are useful for me even in my theory part. Our subjects which are purely memory based, especially in pharma where information about different drugs, their uses, adverse effects etc., will be gathered and stored. I faced difficulty in remembering and memorizing. Now am getting some mnemonics and key points from the synopsis of those books which is making me to feel better in digesting the subject.

Later, I went to Kurnool in order to see my grandmother who was ill. I discussed the case with the doctor. Initially they assured that, there would be no complications and endanger to life, but later her health stated deteriorating in spite of keeping many efforts to her recovery. She breathed her last during last month because of acute infectious attacks which got spread from UT to remaining main visceral organs. Now she is no more. I felt so sad about it.

I have been posted to SPM (Social & Preventive Medicine) where we visited anti TB, anti malarial blocks and known about preventive measures etc., my semester exams are going to commence from 11th of august and are trying relentlessly to discharge my efforts to my level best.

MS Abdulla (B. Tech)

I am studying III B.Tech (Civil) in VNR VJIET College at Hyderabad. I applied for Educational loan in the bank, but bank manager asked for surety. We didn't have any such things. We took a hand loan of Rs.50,000 with Rs.2/- interest PM and paid the fee.

I have 5 subjects and three labs and next month I have internal exams ,this month we have assignment tests and writing lab records& tests. As far as accommodation is concerned am getting support from

abhaya foundation and on the other hand I am doing part time job. The reason for doing part time job is due to the guidance of abhaya. I am learning from abhaya's educare projects and realizing the fact that helping the society is right path to the success. Thanks to Abhaya for giving this much of support.

Lavanya (Inter - CPT)

I secured 200/230 in the examinations conducted in the college. During the month of August, we will have Unit 2 exams and I am preparing well with good planning and also putting efforts, on 27th July I paid Rs.5000/- Cheque given by abhaya. According to institutional rules before 10th August we should clear 75% such that the same can be paid. I was told to pay atleast half of the amount. That means, we need to pay another 5000, immediately and remaining fee can be paid in two months. Whenever am being asked to come, I will come and meet you in office.

Update:

Ms. Rupam, who took lead in this case will be providing 2500/- and abhaya will issue a cheque for 5K to Lavanya to pay her due fee. – **abhaya Team**

Swapna Priya (B.Com - CPT)

My name is A.Swapna Priya. I am doing fine and my health is Good. I am going to Tapasya Institute regularly. I am going by walk to college as it is nearer to my home. The faculty is very much supporting us, we don't have holidays. On Sunday also we have weekly exams Monday to Wednesday college timing was 8:30 to 1:30 pm and Thursday to Saturday 8:30 to 4:30 pm. We have break on 1:30 to 2:30pm it is lunch timing there is no study hours in college we have to prepare at home only. And I am not able to attend degree classes due to CA Classes. Friends are clarifying my doubts after going to home I am revising my subjects which I have heard in college. This time I am very much focusing and keeping interest in studies.

Sreekanth (Groups)

I V Sreekanth, who is aspiring for Groups coaching joined in Harish academy with abhaya's help. The classes are going on and he is attending all the classes, by coming daily from his village which is about 60KM away from Hanumakonda. He has updated that he is regular at classes and assured that he will fulfill his wish of getting a Govt. Job with this coaching.

Nagaraju

Nagaraju is now in his third year of BE. Last year they haven't paid fee, as there were agitations done for fee reimbursements of lateral entry students. As the Government has not decided anything on that, college administration asking the students to pay two years fee at once. At this point, Nagaraju need to pay Rs.1,67,000/-. Out of that, his mother brought 140K by selling their land and they still need about 27K. abhaya will take care of that amount along

with Ramalingeswara Rao garu, President of Walkers Club, Hyderabad who referred this mission to abhaya.

Mission Vyshnavi

Grandhi Vyshnavi is a bright student, completed her Intermediate with 97% and got 14281 rank in EAMCET. Her father is working in a small kirana store in Mandapeta, AP and could not afford for her education. She got admission in Sri Vasavi Engineering College, Tadepalligudem, W G District, AP. She needs to pay college fee of 72000 and 48000 as hostel fee. She will get 35000 as Fee reimbursement and after speaking to the administration, we got about 10000 discount, apart from providing 20000 as a scholarship. After discounts, she still needs 55000 and we already pooled 20000 and paid to college and requesting kind donors to please come forward and support her.

Note:- All donations to abhaya are exempted under Income Tax Act 80G

GVK School Update

Bethamcherla stone flooring work was completed except patchwork and white wash in the campus. The remaining works will be completed by month end. On 29-7-2015 Acque pressure medical awareness camp was organized in the school. All the teaching and non-teaching staff were attended to this awareness program. All the staff members got benefited from this program. On 15-8-2015 Independency Day, our project President, Secretary, Correspondent and myself attended the

program. Students presented cultural programs on the occasion. Sri Ramanuja Das Bung addressed students on the eve of Independence Day. Prizes were distributed to the winners in various competitions. At present uniform dresses being stitched in the school. - **S. Bhavanarayana, Joint Secretary, GVK School, Vedurunagaram**

Personality Development Sessions at Vempalle & IIIT, Idupulapaya

We (the Founder, Laxmi Narasimha, Srinivas and Myself) started our journey from Hyderabad to Vempalle on Mission to serve the Students of Kadapa Dist at Vemppale on 18th Aug 2015 night. The journey was all filled with sharing of many thoughts on life skills needed in the country. We took rest for couple of hours and we later visited Gandi, the famous temple of Lord Hanuma. We came to know about the story of that place. Lord Srirama drawn the picture of Lord Hanuma on a stone with the help of his arrow and left it unfinished with last finger of Lord Hanuma...but when people found the stone, they tried to rectify the finger on idol, for their surprise and astonishment blood started coming from Hanuma's stone drawing. Then people started worshiping the same as living GOD.

We reached the venue at 9:00AM and Founder very jovially interacted with students and later CS G. Thirupal, Laxminarasimha and myself addressed

the students for couple of hours and then the Founder addressed to students on the theme "I Born to Succeed" and its was spell bound for the entire gathering. The happiness of College Students had not limits... they were all gathered around the speakers and took photographs and autographs... it was a seen for me to witness such things in my life.

We took break for lunch and at around 230PM the 2nd session started for 8,9 and 10th class students on "How to Study Well? The Founder in invetible way provoked students and teachers and collected 30 problems faced by students while studying and writing the exams. He later spoke as to how to address these issues and overcome the problems.

The moment we concluded the event at Vempalle, we proceeded to Idupalapaya IIIT Campus which is located in serene atmosphere of Seshachala Mountains. It was

like a different world... thanks to the Visionary Leader late Dr YS Rajasekhar Reddy, the former CM of AP who created such a campus over there in his agricultural estate. We received a warm welcome from the IIIT Director and his team.

Later Dr KLN Reddy, Dean of IIIT convened a special session at IIIT College. CS G Thirupal, Laxminarasimha and myself addressed about 1000 BEST Brains of the country who are undergoing 6 years integrated course at the campus and more over drawn from rural areas of AP/TS. Founder was very happy to give me an opportunity to speak for more time seeing the positive response from

students. It is in fact a great appreciations in my life. Later the Founder addressed the students for couple of hours and we returned to Hyderabad. In this journey I met one very great and kind hearted person. I am proud to know him... he is none other than Laxmi Narasimha Ikkurthi.

I had the chance of being part of "I born to succeed" along with other abhayans at Vempalle on 19th August 2015. I have learnt many things. The experience was unique. The entire day was very inspiring and thought provoking and gave many things to transform myself. Thanks to abhaya for giving me this opportunity. – **CS G Thirupal, Trustee, abhaya B'lore**

We are extremely grateful for your inspirational & motivation talks by the TEAM abhaya both at Vempalle and IIIT,Idupulapaya.You have given the 5 formulas to become successful in LIFE, Individual Excellence, Family Excellence, Educational Excellence, Society Excellence and finally Godly Excellence

EO,Vrushabha Chaleswara Temple,Vempalle , Sri Pratap was very happy at the positive outcome of the program and said that he never witnessed such a quality talk so far with such clear focus for the students during the last 20 years at vempalle.

Further, IIIT authorities wish to have programs like this for a week every semester from this academic year on wards for their students.We look forward to have more such interactive sessions both for students,teachers and parents.Thanking all of you at Abhaya foundation for your selfless service,love ,concern and care.May Swami shower HIS choicest blessings on Abhaya foundation TEAM – **Narayana Reddy, Correspondent, Vivekananda Degree College, Vempalle.**

Visit to Govt School, BHEL, Hyd

"More than Machinery we need Humanity" - Charlie Chaplin, In a world which is losing its reality against virtuality, we feel honored to host such a guest who perfectly know the meaning of humanity in the best way possible. Taking Personality Development Session for primary school kids at Govt Primary School, Gopipuram, BHEL, Hyderabad.

Our plan is to create maximum possible awareness about cleanliness in our country both internally and externally. As a part of it we at CSC taken up the task of making up and cleaning up the nearby Govt Primary School. Accordingly with abhaya Foundation we have conducted an event at Lingampalli Government School. abhaya and its team played critical role, making the event grand success. Schools have our young Indians and future Indians who will decide the fate of India. So we conducted our event at

government school. CS Balachandra Sunku, the Founder of abhaya interacted with school children and made them to know the importance of the cleanliness externally and internally.

The very impressive thing that happened in the event was that, the way he conveyed the information is very attractive to children. His talk on cleanliness was the way that each and every child in the school will surely connect to the concept and will implement in there life and will never forget it. As a part of cleanliness drive in the school he kept competition between the children and explain them how to be clean and how to be healthy. And distributed gifts to children who won the competition form this he made other children to think about being clean and maintain the premises clean. - **CSC - CR Team, Hyderabad**

Visit to Vasavi Club - Maripeda Bunglaw, Waragal

Vasavi Club International, Maripeda Bunglaw, Warngal invited the Founder to visit them to address their members. Whereas the Founder in his inventible way turned the same in to a mega students awareness event. I had yet another opportunity to accompany the Founder for the event. Though the Founder was supposed to address the gatherings, he fondly gave me a chance to me to inspire / motivate thousands of College/High School students of the town. there were about 1500 high school students in the morning and 1200 College students in the evening. It was true honour for me to speak with such a huge gatherings. They were being motivated on how achieve success, how to be good students and good citizen in society. Founder is able to connect with thousands of students with his miraculous oratory powers... he just won the hearts of every student, they were all mesmerized to motivated with his insights and wisdom. In total it was another great program. It was a true honour for me to associate with abhaya and the Founder. I am learning so many things from each event and interaction with the founder in Personality Development and various issues. If I become No.1 Motivational Speaker then, I wish to give unique things to my audience, originally made for them alone. This is what I learned from my guruji and the Founder. - **D Ramesh, Manager - abhaya Human Exellence**

 ఇది ఏ వేర్వేరు కొండను తవ్వడం వెనుక ఉన్న తెలియని చరిత్ర.
 ఇది కూడా భార్యపై ప్రేమను చాటడానికి... అయితే ఆ భర్త చక్రవర్తి రాజు కాదు... నిరుపేద!
 ప్రేమించడానికి కాదు ప్రేమను చాటడానికి రాజు పద తేడాల్లేనని నిరూపించిన దశరథి మాండ్లు కథ ఇది!!

కొండను పిండి చేసిన ప్రేమ!

కొండలకు సంతకల్లం: దశరథి మాండ్లు

కునీవాడు... అయితే పట్లనే దేని రాకతో ఆ గుడిసే స్వర్ణదామంగా మారిపోయింది. అమె మూలము భార్య. తనతో గడిపే ప్రతిక్షణమూ మూలముకి మునుపైనా మునుపే ఇష్టమే. ఆ గుడిసెలో ఆస్వాదిత తరచుండేదేమో కానీ ప్రేమకు కాదు. భార్యంటే పట్లమాలిన ప్రేమ మూలముకి ఏ రోజు ఆయన భార్య దీప్త అనా రోగ్యునికి గురి కావడంతో దగ్గరే పట్లవానికి తీసుకెళ్ళడానికి అయడమేదామో అయితే ఆ దివ్య కొండ ప్రాంతంలో ఉన్నందువల్ల సరైన చారి లేదు. కొండలను చుట్టుకూడా 70 కిలో మీటర్లు వెళ్ళిన పట్లవానికి చేరుకోగలదు. అలా

వెళ్ళడగానే చారి మధ్యలోనే ప్రాణాలు విడిచింది పట్లవాడే. చికిత్స సేకారంతో అందుకోవడం వల్లే అమె మృతిచెందిందని వైద్యులు చెప్పారు. అది చివ్వు మూలము గుండెబిడసేరా లేదనిచాడు. తన భార్యను తన నుంచి దూరం చేసిన ఆ కొండను పిండి చేయాలని నిశ్చయించుకున్నాడు. తన భార్యలా ఇంకెవరూ ఉండే ప్రాణాలు కోల్పోకుండా ఉండటానికి కొండను తొలిచి చారి నిర్మించడమే మార్గమనుకున్నాడు. ఆ సంతకల్లంతో ఒక్కడే సైన్సిల్లా కదిలాడు. సుత్తి ఉరితో రాళ్ళ పోలకొట్టడం

మొదలెట్టాడు. మూలము చేప్పన్నది పిచ్చి పని అని వ్రామవులు చేసిన వాతలాన్ని పట్టించుకోలేదు. మొట్టమొదటి దీక్షతో ఇంకా రెండేళ్లు శ్రమించి కొండను తరిగించాడు. దీంతో పట్లవానికి ఉండే 70 కి.మీ. దూరం 15 కి.మీ.కు తగ్గింది. మూలము శ్రమను అయి సొంతాకే కాదు బిహార్ ప్రభుత్వమూ గుర్తించింది. మూలము నిర్మించిన చారిని ఆభివృద్ధి చేసి చారికి అతని పేరు పెట్టింది. మూలము చేసిన సేవకూడా అయిన పేరును పచ్చి పచ్చి పురస్కారానికి ప్రతిపాదించింది. ఆయన మరణించిన పురుష ప్రభుత్వ రాంచరాలతో అంతర్జాతీయ నిర్వహించింది. ప్రజల గుండెల్లో మౌనమే మృత్యుగా నిలిచిపోయిన మూలము శీవిత కథను 'మూలము: ది చౌంబిన్ మృత్యు' పేరుతో పచ్చకురు కేతన్ మెహతా తెరకెక్కించాడు. మూలముగా నవాజాద్దీన్ సిద్దికీ. ఆయన భార్యగా రాధికా ఆస్థా నడిచిన ఆ చిత్రం ఈ రోజు విడుదలవుతోంది.

I happened to read his story in Eenadu Sunday Magazine (2004), I thought, his work for the villagers must be propagated further to the youth of this country. Me with Hyderabad Sai Youth planned a 45 minutes drama with about 100 boys and tried presenting before Bhagawan Sri Sathya Sai Baba... we arranged Manjhi to be brought in flight to Prasanthi Nilayam... Swami blessed him with his darshan during his stay.

Today, most of the country men is aware of this man... thanks to social media... and now the story is being released on big screen... dont miss this movie... if you wanted to know about the passion & commitment required for the people who wish to serve... must see this movie...happy times ahead! Let each one be an inspiration to this country. – **CS Balachandra Sunku, Founder**

Also Happy to state that students of Mehendi and Tailoring students have conducted as Road Show (stalls) at My Bharath... My breath program , conducted by Abhaya at Hariharakala bhavan , Secudserabad on 15th August 2015. Students are very happy to participate in great event on Independence day and every one felt happy and inspired .Mehandi students have done superb job in deed ,many many invitees of the program rushed to have Mehendi designs on their hands .

Tailoring and Fashion designing students have done a decent debut of marketing activity and sold dresses and celestial designs worth Rs.12,000 /- at the Road show , many invitees have appreciated the students for their artistic work . More interesting part is these students have contributed to abhaya Rs.1500 /- out of their sale proceeds towards Abhaya activities to show their gratitude . Applauds to them.

Job Mela : We are planning to conduct to JOB MELA at our center in the month of September for the benefit of Unemployed youth of lower income group area . Preliminary work about this program is in progress and concluded few meeting with local youth and colony association for their support . we will seek necessary guidance and support from abhaya in conducting this event and will update the developments as and when . We are very Thanks full to the abhaya for all the support and Inspiration. - **K N S Krishna Veni & K Ranga Rao, Abhaya Women Empowerment Program, Secunderabad.**

Solar Lighting @ Suvidha Aashram

As we aware that Indore lighting was done in the month of June and after subsequent visit to the Ashram by my self and Mr.Kasi V Rao ,Co Ordinator,Suvidha Ashram and Mr. Sri Rama Murthy ,Vendor on 8th July 2015 Night to take stock of the situation. Lighting in Kitchen and Main Halls are not sufficient , Hence we have Mandated the Vendor to increase in Kitchen and in Main halls (Higher capacity Lighting) and also 2 Lamp posts in out side - Near Main gate to Main Buildings and out side lighting of Hostels. Now the work is at final stage , lamp posts were done and wiring and installation of lights out side the hostel and kitchen and hall are done , Battery Connections only pending and it will be completed in another 1-2 days time . So far we have paid the vendor Rs 1 lac and balance to be settled once the work is completed and after our site visit in the next couple of days. We sincerely convey our Thanks and appreciations to the Mr.Raja Kumar Kothamasu and Mrudula Kothamasu for their generous donation to the above Project and Support and inspiration from the Abhaya and Mr.Kasi V Rao, Co-ordiantor , Suvidha Asshram

Words of wisdom by Dr. M Mangadhara, Harvard University, USA

To strengthening and the best way to cope in any situation: No difference between office/home— it is human nature and same emotions:

RESPECT= RESPECT, in any human encounter (we all can have best possible life if we respect each other's opinions, even though we disagree, their space by RESPECT alone!). Anyone can build their entire life and style by RESPECT ALONE! No fights, no hatred, no discrimination!

STRATEGY: Don't ABSORB, but OBSERVE the negative emotions, abuse words, anger of anyone.

Mind has several thoughts per day up to 35,000—to 70,000. The number will go up if you are anxious or worried – up to 70,000-140,000. You can streamline your THOUGHTS clear by PRACTICING MEDITATION. Simple by closing eyes and concentrating on BREATHING and repeating one word—simple is OM.

Don't say I cannot control ANGER. By saying that -- you are already BIASED about the OUTCOME. Anger is – NOT RESPECTING other, “Feeling Superior”, Superior EGO. Meditation will take care of it.

Each ANGER moment will reduce our life span by ONE DAY. IT is the most TOXIC EMOTION.

Dealing with children:

Once they reached their 18 years, our

responsibility is creating POSITIVE EMOTIONS and TRUTH. Think

1. They are the creation of the GOD
 2. We never intend to harm
 3. We do the best
 4. Outcome is not in our hands
 5. Degrees are not the standard even if entire society thinks otherwise
 6. Be frank to the other people about what is happening
 7. The best person to become is – be the one who helps other human being. That is the message to convey to the son
- Leave the OUTCOME to the Boss who is the GOD himself

Going to place of worship and chanting His name is to focus on ONE THOUGHT principle of MEDITATION. Do this minimum 15 minutes a day and increase to 2 x day. First thing when you get up and next thing is when you come home in the evening. Increase to 30 minutes twice a day gradually.

I am doing these daily and my class mate is another example—he suffered back ache for 1 year on bed, then heart attack and also Non-Hodgkins lymphoma. He does meditation and now doing fine.

If mind is full of THOUGHTS-- we need to keep clean one at a time and RE-energize by closing eyes and focusing on breath. Just do it and will see the difference immediately!

One idea is to create abhaya Online, which can act like a marketplace of all things manufactured/created by Abhaya Atmavishwasam members, like clothes, perfumes, agarbattis, candles, toys, cards, whatever... the cart can integrate to payU payment gateway or any other

existing gateway which is now used to collect donations. This will be a good source for our abhayan's create additional revenue, and a way out for all these entrepreneurs. We already deployed this in www.audiouniverse.in

What we may need for this ...

a) a domain name called abhayaonline.in; this will house the shopping cart and its application

b) payment gateway details of the participating sites

On a recurring front this will have an expense to maintain the cloud server, which is normally now costing about 2400/- per month to begin with and can be scaled up.

Rest of it our trainees / volunteers can do part time at our computer center.

the business model is that customers who visit abhaya foundation can come to this place, or even we can pull traffic by advertising this in all our functions. Sellers will register with abhaya and display their products on abhaya site (like flipkart). Buyers will buy from abhaya website. Sellers will dispatch to buyer address directly as per packaging standards. abhaya will credit amount to sellers, minus a 10% margin to run the operations. Profit if any is used to run the organization. - **Srikanth Natarajan, Member of abhaya Home, Hyderabad**

1. We don't have many products to showcase, even if there are 10+ products, the frequency of getting orders to that product is to be discussed. Products like candles are not frequently sold and we don't have a margin in those products

2. For products like greetings and paper toys/cellulose jewelry the market will be good. But with increase of demand, we need to be careful to fulfill the orders

3. Apart from hosting charges Rs.2400/-, we need to have an employee, who needs to check the orders and follow up with respective owner to courier and ensure successful delivery. There would be about 10K expenses per month.

4. We should be in constant look for new products to be added and its like business channel. Initially for a year, we won't get any surplus, but need to invest about a lakh. We can try out for this if we are ready to bare these expenses.

5. We can put in our efforts and invest on this, if that works fine, it will be an income generating model, if it fails to deliver, we can close after an year. - **KSV Sivakrishna, Secretary, abhaya**

Many purposeful events have happened at abhaya aHOH, Ibrahimpatnam, Hyderabad, last month, and hoping smile emoticon many more to come in future months too. The Foundation has started making BIG STRIDES now. God bless!! – **EJP Prasad, Coordinator, abhaya RPL**

I am really amazed that you collect money from public with your colourfull words and conduct functions in 5 star hotels. Why is that? I would not like to talk to you, Sir. I had come to the CSR Seminar at Bengalur in the month of November 2014 and felt really bad for paying Rs.1000/-. Anyways, thanks - Prashant Gouda, Company Secretary, Bengaluru (prash89@gmail.com)

Because of LORD EESWARA KRUPA, I am able to provide 10Nos Blankets (Already purchased), to the needy people through your organisation. Balachandra, Founder of the organisation. - **Y.R.C.KUMAR, Hyderabad**

Dear Balachandra Sir, Hope your anger on me vanished, there is a point in your anger. Actually as per the instructions of Sri Meda sir, I visited Sadasivapet Project site and understood that there is so much to learn for me as a Civil Engineer. Then post going there, I realised that Sri Meda Sir already enquired about a suitable room for my accommodation thinking that it would be difficult task for me to shuttle between home and project site. Such is the care that as shown to me even before joining, where else, I can learn the work in my personal and professional life. Felt that I must start my career with this gentleman. Who can lose such an opportunity, only a fool can do that. Connecting to abhaya...it was fortunate thing happened for me recently. Thank you so much, without abhaya, I could not have got such an opportunity. I even thanked Sri Meda Sir. I will be reporting to the work on September 1st. Thank you so much for awaking the sleeping soul and letting me to know what is my role and purpose in life. I will work honestly. Dear Sir, Your blessings are enough for me to progress in life... even if they are scolding to me.- **MVBS Teja, Member VNR Student Force, Hyderabad**

Dear Balachandra Sir, This is Rahul. I hope you remember me. I know you well because a person who always thinks about the welfare of people/public, such person never be feeling sad. As I am thanking you for your tributes to Bharata Ratna APJ Kalam. The way of presentation was superb and abhaya foundation is doing tremendous job by its own way which can't be explained in our words. Really hats off to abhaya for its simplicity and service.

Jai Srimannarayana, Sriman Balchander Garu first of all I thanks you for coming to bless us on my 60th Birth day celebrations . Sir i have gone thru your web pages I really impressed with your dedicate services for the society. Srimannarayana and Acharya grace you.
